

Introductory Course in Neuroscience I – Fall semester 2023

Room: UZH Irchel Y03 G-95

1) Human & Comparative Neuroanatomy

18 Sept. 16.15-18.00	Human Neuroanatomy I	Tina Notter
25 Sept. 15.00-16.00	Guided Tour through Anatomical Collection Irchel Campus. Meeting point in front of the Anatomical Collection entrance => building Y42, floor G, rooms 08 and 86 (these rooms are both right at the entrance).	Irmgard Amrein
25 Sept. 16.15-18.00	Human Neuroanatomy II	Tina Notter
2 October. 15-16.00	Guided Tour through Anatomical Collection Irchel Campus, building Y42, floor G, rooms 08 and 86 (more details above)	Irmgard Amrein
2 Oct. 16.15-18.00	Comparative Neuroanatomy	Tina Notter

2) Molecular & Cellular Neuroscience

9 Oct. 16.15-18.00	Building a Central Nervous System I	Stephan Neuhaus
16 Oct. 16.15-18.00	Building a Central Nervous System II	Sebastian Jessberger
23 Oct. 16.15-18.00	Synapses I	Csaba Földy
30 Oct. 16.15-18.00	Synapses II	Theo Karayannis
6 Nov. 16.15-18.00	Excitability	Martin Müller
13 Nov. 16.15-18.00	Glia and More	Bruno Weber

3) Systems Neuroscience

20 Nov. 16.15-18.00	Circuits underlying Emotion	Chris Pryce
27 Nov. 16.15-18.00	Visual System	Daniel Kiper
4 Dec. 16.15-18.00	Auditory & Vestibular System	Nathalie Giroud
11 Dec. 16.15-18.00	Somatosensory and Motor Systems	Fritjof Helmchen
18 Dec. 16.15-18.00	Learning in Artificial and Biological Neural Networks	Benjamin Grewe
